

# NHS Supply Chain

## Order a Contronics Monitoring System in 5 Easy Steps

As a long-standing NHS supplier, we understand that the hospital and healthcare sector in the UK continues to face stringent regulatory hurdles whilst managing constrained budgets and resources.

That's why we want to make it as easy as possible for NHS customers to implement Contronics monitoring systems in their organisations via NHS Supply Chain.

When you first contact us, our expert site team will arrange to meet you face-to-face to discuss your requirements in detail and to conduct a site survey.

Following the successful completion of a site survey, we will provide you with a quote for the system we believe will best fulfil your requirements and needs.

Once this quote has been issued by Contronics, and if you wish to purchase the system via NHS Supply Chain, you will need to follow these 5 easy steps.

## 5 Easy Steps:

### 1 Obtaining a URN

- "You will need to email your Contronics Quote Number and request to purchase to [pathology@supplychain.nhs.uk](mailto:pathology@supplychain.nhs.uk) at NHS Supply Chain.
- You will then be provided with an NHS Supply Chain Unique Reference Number (URN).

### 2 Confirming the Purchase

- You will receive an email from NHS Supply Chain asking you to confirm your intention to purchase through them. Contronics will be CC'd into this email for reference.
- Your main contact at Contronics will be: Paul Flood  
Contronics Ltd, Greenfield Farm Estate, Congleton, Cheshire, CW12 4TU  
Tel: +44 (0) 1260 298383

### 3 Raising the Order

- You will need to raise the order directly with Contronics and quote the URN provided by NHS Supply Chain.

### 4 Framework Agreement Compliance

- In compliance with the Framework Agreement, you will be required to send a copy of the raised order back to NHS Supply Chain.

### 5 Raising a PO

- Finally, you will need to raise a purchase order referencing the URN issued by NHS Supply Chain.

## Why Order Through The NHS Supply Chain?

Quick & easy

No requirement to go out to tender

Contronics has already been awarded the Framework Agreement for the supply of Temperature Monitoring and Mapping Systems

For more information on ordering via NHS Supply Chain, please contact Paul Flood at [sales@contronics.co.uk](mailto:sales@contronics.co.uk) or on **01260 298383**.
